**Introduction**

As a center for the development of critical and rational mind, Unity University College has to rely, as far as possible, upon a system of solid discipline founded upon mutual trust and respect to effect positive relationship among its staff and student body. To facilitate the development of self-discipline, particularly among the student body, the University College, as an institution of higher learning must provide a source of information to bring about a community working towards common objectives through clear understanding of its rights and responsibilities.

In any institution of higher learning, it is common practice to communicate policies, procedures, rules and regulations to students so that they may understand their rights and responsibilities. This will contribute much to effective institutional functioning, fair procedures for investigation of charges of violations of the rules and sanctions to be considered to deter violations and discourage misconduct. Therefore, it is in view of these facts that this amended Student Handbook is produced. The Handbook is based on academic rules, regulations and procedures of the revised legislation. It defines the rights, duties and responsibilities of students. Since the Handbook encompasses all rules, regulations and procedures, it is believed that it shall serve as the basic reference material for students.

The first section of the Student Handbook deals with general information about the history, mission, vision, values and overall objectives of the University College. The second section focuses on the policy making and executive organs of the University College, the third section deals on academic policies and procedures, and the fourth section deals with the academic rules and regulations of Unity University College. The fourth section focuses on the services that students get, the rights and responsibilities and the code of conduct of students.

It is hoped that students would read and digest the contents of this Handbook and be able to behave accordingly during their stay in the Unity University College.
1. Unity University College (UUC): Background and Development

The year 1991 marks the beginning of the first phase in the history of Unity University College (UUC); a milestone that paved the way for the establishment and subsequent rapid expansion of UUC. Initially a language school was established, offering courses in English, Arabic and French, but later the same year a preparatory program for the Ethiopian School Leaving Certificate Examination (ESLCE) was also on offer. The school grew rapidly over the next three years, both in terms of the size of the student population and the number of teaching staff. Then in 1994 a certificate program in basic law was launched and subsequently upgraded to a diploma program. In addition, new courses in business administration, food and beverage services were offered; and the school changed its name to Unity Law, Language and Vocational Institute.

The second phase ran from 1997 to 1999, during which time diploma programs in Accounting, Marketing, Business, Personnel Administration and Secretarial Science were launched and Unity Law, Language and Vocational Institute became Unity College (UC).

The third phase witnessed not only the consolidation of the existing diploma programs but also a significant expansion in the range of programs offered, starting with the introduction of new Accounting, Management and Economics degree courses in 1999. In 2000 a degree program in Management Information Science (MIS) was launched and in 2002 additional degree programs in Law, Marketing, Management, Computer Technology, English, Statistics and Mathematics were made available to regular, extension and degree students. In August 2002, Unity College was officially renamed Unity University College.

Since then UUC has focused on consolidating its regular, extension and distance education degree programs. It has evaluated and extensively reviewed all existing curricula and in addition has undertaken careful preparations for the introduction of new undergraduate and postgraduate degree programs.

4.5 Academic Warning, Probation and Dismissal

4.5.1 Academic Warning

Academic warning is a provision given to help a first year student obtain the minimum pass grade to progress to the next semester. It may also avert any premature dismissal because of two consecutive probations.

4.5.1.2 A first year second semester student who has been put on warning in the first semester will be put on probation if his/her C.G.P.A. is between 1.75 to 1.99, inclusive.

4.5.2 Academic Probation

Academic Probation is a discretionary decision to allow students failing to meet the required academic standards to continue their studies. Since the purpose of probation is to permit the academic rehabilitation of the student, probation can only be granted by considering the circumstances of each student individually. To benefit from probation there should be reason to believe that the student can raise his/her grade to the required level of achievement.

4.5.2.1 Academic probation is not a right but a privilege given by the Senate of UUC.

4.6 Withdrawal

4.6.1 Any student can withdraw for academic or non-academic reasons. However, she/he must do so officially to maintain good standing and eligibility for possible readmission. He/she can apply for withdrawal up to thirty days before final examinations.

4.6.2 The Department Head, in consultation with the academic advisor of the student, decides whether the student is eligible to withdraw. When convinced, the Department Head issues a permission slip to the student. The student then files the permission slip with the Registrar and completes the withdrawal procedures as outlined by that office. Where it is impossible to do this in person, it must be done by a letter duly signed by the student or by the person designated by the student.
4.6.3 A student who withdraws for non-academic reasons can apply for readmission.

4.6.4 Withdrawals based on valid reasons shall be approved by:

4.6.4.1 the concerned Department Head, if the withdrawal is requested within 30 days after registration;

4.7.1 Readmission concerns a student who has discontinued his/her education and has officially withdrawn from the University College and wishes to continue his/her studies.

4.7.2 A student shall have completed at least one semester prior to his/her withdrawal to apply for readmission.

4.7.8 A student dismissed twice for academic reasons cannot apply for readmission.
4.7.9 To apply for readmission a student must have a minimum GPA of 1.0 if withdrawal takes place during the first semester of the first year; and a minimum CGPA of 1.50 if withdrawal takes place thereafter.

4.7.10 A readmitted student can repeat up to a maximum of 5 courses in which he/she has scored 'D' or 'F'. His/her CGPA can be computed to determine his/her academic status after he/she has taken some of the five courses.

4.7.11 The maximum grade a readmitted student can receive for the courses he/she has repeated is a 'C'.

4.7.12 Readmission must be approved by the Dean.

4.7.13 A readmitted student shall be exempted from a course(s) that has phased out if it is not possible for the student to get a related substitute course. The 'D' or 'F' grades that the student has scored in such phased out courses shall not be included in the computation of the student's CGPA. A remark shall be put in the transcript of the student stating the condition.

4.7.14 A student readmitted with a CGPA of 1.50 – 1.74 will be put on probation if his/her CGPA at the end of the semester in which he/she is readmitted falls between 1.75 and 1.99.
